

# CLEANERS

## PLUG & CONTACT CLEANER

Klotz Plug & Contact Cleaner is a safe, fast action cleaner and degreaser of metal and aluminum surfaces, fouled spark plugs, carburetors, and other small parts. Non-conductor formula is safe to use on electrical systems, electric switches, connections, motors, starters, and alternators. Completely cuts through and removes carbon, oil, dirt, grease, tar, and adhesives with no residue. Safe for use on engine parts, carburetors, brake parts, ignition parts, spark plugs and engine sensors.

- Convenient, fast cleaner and degreaser
- Removes gum, varnish and carbon build-up
- Cleans fouled spark plugs
- Fast evaporation, leaves no residue
- Non-conductor, safe for electrical systems
- Displaces moisture and water
